

The Independent Liquor and Gaming Authority is established by statute to facilitate the balanced development of the hospitality industry while minimising the risks of harms associated with gaming machines and liquor consumption.

Fulfilment of legislative mandate

The Authority is committed to exercising its powers in accordance with relevant legislation. Our decision-making processes promote independence, integrity and transparency.

Stakeholder Relationships

Improving stakeholder relationships to ensure that there is a clear understanding of ILGA's legislated role and the need to balance the diverse interests and expectations of Government, Industry, and the Community across NSW in its decisions.

Evidence to support decision making

Making best use of the evidence available to support decision making together with ongoing work to help ensure that those decisions are clearly and promptly communicated.

Sustainable funding

Ensuring that the Authority has sustainable funding to properly resource and perform its functions.

Workforce management and Digital Transformation

Agile resource management and investment in digital transformation to enable effective operations.
